All grants and contracts for construction, erection, or demolition or to install goods or materials that involve the expenditure of any funds derived from the State require compliance with the prevailing wage laws as provided in *Tennessee Code Annotated*, Section 12-4-401 *et seq.*

- D.14. Monitoring. The Grantee's activities conducted and records maintained pursuant to this Grant Contract shall be subject to monitoring and evaluation by the State, the Comptroller of the Treasury, or their duly appointed representatives.
- D.15. Progress Reports. The Grantee shall submit brief, periodic, progress reports to the State as requested.
- D.16. Annual Report and Audit. The Grantee shall prepare and submit, within nine (9) months after the close of the reporting period, an annual report of its activities funded under this Grant Contract to the commissioner or head of the Granting agency, the Tennessee Comptroller of the Treasury, and the Commissioner of Finance and Administration. The annual report for any Grantee that receives five hundred thousand dollars (\$500,000) or more in aggregate federal and state funding for all its programs shall include audited financial statements. All books of account and financial records shall be subject to annual audit by the Tennessee Comptroller of the Treasury or the Comptroller's duly appointed representative. When an audit is required, the Grantee may, with the prior approval of the Comptroller, engage a licensed independent public accountant to perform the audit. The audit contract between the Grantee and the licensed independent public accountant shall be on a contract form prescribed by the Tennessee Comptroller of the Treasury. Any such audit shall be performed in accordance with generally accepted government auditing standards, the provisions of OMB Circular A-133, if applicable, and the *Audit Manual for Governmental Units and Recipients of Grant Funds* published by the Tennessee Comptroller of the Treasury. The Grantee shall be responsible for reimbursement of the cost of the audit prepared by the Tennessee Comptroller of the Treasury, and payment of fees for the audit prepared by the licensed independent public accountant. The Grantee shall maintain documentation for the basis of each procurement for which reimbursement is paid pursuant to this Grant Contract. In each instance where it is determined that use of a competitive procurement method was not practical, said documentation shall include a written justification for such decision and non-competitive procurement. Further, if such reimbursement is to be made with funds derived wholly or partially from federal sources, the determination of cost shall be governed by and reimbursement shall be subject to the Grantee's compliance with applicable federal procurement requirements.
- The Grantee shall obtain prior approval from the State before purchasing any equipment under this Grant Contract.
- D.18. Strict Performance. Failure by any party to this Grant Contract to insist in any one or more cases upon the strict performance of any of the terms, covenants, conditions, or provisions of this agreement shall not be construed as a waiver or relinquishment of any such term, covenant, condition, or provision. - D.19. Independent Contractor. The parties hereto, in the performance of this Grant Contract, shall not act as employees, partners, joint venturers, or associates of one another. It is expressly acknowledged by the parties hereto that such parties are independent contracting entities and that nothing in this Grant Contract shall be construed to create an employer/employee relationship or to allow either to exercise control or direction over the manner or method by which the other transacts its business affairs or provides its usual services. The employees or agents of one party shall not be deemed or construed to be the employees or agents of the other party.

- E.3. Subject to Funds Availability. The Grant Contract is subject to the appropriation and availability of State and/or Federal funds. In the event that the funds are not appropriated or are otherwise unavailable, the State reserves the right to terminate the Grant Contract upon written notice to the Grantee. Said termination shall not be deemed a breach of Contract by the State. Upon receipt of the written notice, the Grantee shall cease all work associated with the Grant Contract. Should such an event occur, the Grantee shall be entitled to compensation for all satisfactory and authorized services completed as of the termination date. Upon such termination, the Grantee shall have no right to recover from the State any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount.
- E.4. Voluntary Buyout Program. The Grantee acknowledges and understands that, for a period of two years beginning August 16, 2008, restrictions are imposed on former state employees who received a State of Tennessee Voluntary Buyout Program (VBP) severance payment with regard to contracts with state agencies that participated in the VBP.
- a. The State will not contract with either a former state employee who received a VBP severance payment or an entity in which a former state employee who received a VBP severance payment or the spouse of such an individual holds a controlling financial interest.
 - b. The State may contract with an entity with which a former state employee who received a VBP severance payment is an employee or an independent contractor. Notwithstanding the foregoing, the Grantee understands and agrees that there may be unique business circumstances under which a return to work by a former state employee who received a VBP severance payment as an employee or an independent contractor of a State grantee would not be appropriate, and in such cases the State may refuse Grantee personnel. Inasmuch, it shall be the responsibility of the State to review Grantee personnel to identify any such issues.
 - c. With reference to either subsection a. or b. above, a grantee may submit a written request for a waiver of the VBP restrictions regarding a former state employee and a

contract with a state agency that participated in the VBP. Any such request must be submitted to the State in the form of the *VBP Contracting Restriction Waiver Request* format available from the State and the Internet at:

www.state.tn.us/finance/rds/ocr/waiver.html. The determination on such a request shall be at the sole discretion of the head of the state agency that is a Party to this Grant Contract, the Commissioner of Finance and Administration, and the Commissioner of Human Resources.

- E.5. State Interest in Equipment. The Grantee shall take legal title to all equipment and to all motor vehicles, hereinafter referred to as "equipment," purchased totally or in part with funds provided under this Grant Contract, subject to the State's equitable interest therein, to the extent of its *pro rata* share, based upon the State's contribution to the purchase price. "Equipment" shall be defined as an article of nonexpendable, tangible, personal property having a useful life of more than one year and an acquisition cost which equals or exceeds \$5,000.00.

As authorized by the provisions of the terms of the Tennessee Uniform Commercial Code — Secured Transaction, found at Title 47, Chapter 9 of the *Tennessee Code Annotated*, and the provisions of the Tennessee Motor Vehicle Title and Registration Law, found at Title 55, Chapter 1 of the *Tennessee Code Annotated*, an intent of this Grant document and the parties hereto is to create and acknowledge a security interest in favor of the State in the equipment and/or motor vehicles acquired by the Grantee pursuant to the provisions of this Grant document. A further intent of this Grant document is to acknowledge and continue the security interest in favor of the State in the equipment or motor vehicles acquired by the Grantee pursuant to the provisions of this program's prior year Grants between the State and the Grantee.

The Grantee hereto grants the State a security interest in said equipment. This agreement is intended to be a security agreement pursuant to the Uniform Commercial Code for any of the equipment herein specified which, under applicable law, may be subject to a security interest pursuant to the Uniform Commercial Code, and the Grantee hereby grants the State a security interest in said equipment. The Grantee agrees that the State may file this Grant Contract or a reproduction thereof, in any appropriate office, as a financing statement for any of the equipment herein specified. Any reproduction of this or any other security agreement or financing statement shall be sufficient as a financing statement. In addition, the Grantee agrees to execute and deliver to the State, upon the State's request, any financing statements, as well as extensions, renewals, and amendments thereof, and reproduction of this Grant Contract in such form as the State may require to perfect a security interest with respect to said equipment. The Grantee shall pay all costs of filing such financing statements and any extensions, renewals, amendments and releases thereof, and shall pay all reasonable costs and expenses of any record searches for financing statements the State may reasonably require. Without the prior written consent of the State, the Grantee shall not create or suffer to be created pursuant to the Uniform Commercial Code any other security interest in said equipment, including replacements and additions thereto. Upon the Grantee's breach of any covenant or agreement contained in this Grant Contract, including the covenants to pay when due all sums secured by this Grant Contract, the State shall have the remedies of a secured party under the Uniform Commercial Code and, at the State's option, may also invoke the remedies herein provided.

The Grantee agrees to be responsible for the accountability, maintenance, management, and inventory of all property purchased totally or in part with funds provided under this Grant Contract. The Grantee shall maintain a perpetual inventory system for all equipment purchased with funds provided under this Grant Contract and shall submit an inventory control report which must include, at a minimum, the following:

- a. Description of the equipment;
- b. Manufacturer's serial number or other identification number, when applicable;
- c. Consecutive inventory equipment tag identification;
- d. Acquisition date, cost, and check number;
- e. Fund source, State grant number, or other applicable fund source identification;

- f. Percentage of state funds applied to the purchase;
- g. Location within the Grantee's operations where the equipment is used;
- h. Condition of the property or disposition date if Grantee no longer has possession;
- i. Depreciation method, if applicable; and
- j. Monthly depreciation amount, if applicable.

The Grantee shall tag equipment with an identification number which is cross referenced to the equipment item on the inventory control report. The Grantee shall inventory equipment annually. The Grantee must compare the results of the inventory with the inventory control report and investigate any differences. The Grantee must then adjust the inventory control report to reflect the results of the physical inventory and subsequent investigation.

The Grantee shall submit its inventory control report of all equipment purchased with funding through this grant within thirty (30) days of the Grant Contract end date and in form and substance acceptable to the State. This inventory control report shall contain, at a minimum, the requirements specified above for inventory control. The Grantee shall notify the State, in writing, of any equipment loss describing reason(s) for the loss. Should the equipment be destroyed, lost, or stolen, the Grantee shall be responsible to the State for the *pro rata* amount of the residual value at the time of loss based upon the State's original contribution to the purchase price.

Upon termination of the Grant Contract, where a further contractual relationship is not entered into, or at another time during the term of the Grant Contract, the Grantee shall request written approval from the State for any proposed disposition of equipment purchased with Grant funds. All equipment shall be disposed of in such a manner as parties may agree from among alternatives approved by Tennessee Department of General Services as appropriate and in accordance with any applicable federal laws or regulations.

- E.6. Confidentiality of Records. Strict standards of confidentiality of records shall be maintained in accordance with the law. All material and information, regardless of form, medium or method of communication, provided to the Grantee by the State or acquired by the Grantee on behalf of the State shall be regarded as confidential information in accordance with the provisions of State law and ethical standards and shall not be disclosed, and all necessary steps shall be taken by the Grantee to safeguard the confidentiality of such material or information in conformance with State law and ethical standards.

The Grantee will be deemed to have satisfied its obligations under this section by exercising the same level of care to preserve the confidentiality of the State's information as the Grantee exercises to protect its own confidential information so long as such standard of care does not violate the applicable provisions of the first paragraph of this section.

The Grantee's obligations under this section do not apply to information in the public domain; entering the public domain but not from a breach by the Grantee of this Grant Contract; previously possessed by the Grantee without written obligations to the State to protect it; acquired by the Grantee without written restrictions against disclosure from a third party which, to the Grantee's knowledge, is free to disclose the information; independently developed by the Grantee without the use of the State's information; or, disclosed by the State to others without restrictions against disclosure.

It is expressly understood and agreed the obligations set forth in this section shall survive the termination of this Grant Contract.

- E.7. Federal Economic Stimulus Funding. This Grant Contract requires the Grantee to provide products and/or services that are funded in whole or in part under the American Recovery and Reinvestment Act of 2009, Public Law 111-5, (Recovery Act). The Grantee is responsible for ensuring that all applicable requirements, including but not limited to those set forth herein, of the Recovery Act are met and that the Grantee provides information to the State as required.

No predispute arbitration agreement shall

be valid or enforceable if it requires arbitration of a dispute arising out of this section.

Requirement to Post Notice of Rights and Remedies: The Grantee and any subcontractor shall post notice of the rights and remedies as required under Section 1553. Grant Type: Reentry Program (Byrne JAG funded)

ImplAgencyName: Shelby County Division of Corrections

Program Title: Shelby County Reentry Initiative

a. Needs, Gaps, Problems

Memphis ranks 21st in the nation among cities with a population of 250,000 or greater, but 3rd in violent crime, 2nd in aggravated assault, 1st in property crime, 1st in larceny-theft, and 4th in robbery (FBI Crime Report, 2007). The high crime rate fills correctional institutions with inmates who, upon release and without appropriate re-entry assistance, experience a recidivism rate of 80% (Shelby County Sheriff's Office). Data collected from the Shelby County Sheriff's Office (SCSO) for 2009 shows an average of 4,441 defendants per month were received into this pretrial facility, a 12.5% increase over the previous year.

The Shelby County Division of Corrections (SCDOC) serves the State Department of Corrections and the Shelby County judicial systems and averages 3,000 inmates, approximately 80-85% of whom have prior convictions. Approximately 7,200 individuals are released annually; of those, approximately 720 (10%) are female. The Shelby County Sheriff's Office reports a similar percentage of female detainees.

The proposed re-entry program outlined herein has been developed in accordance with the SCDOC 3R Project (Rehabilitate, Renew and Reconnect). The existing re-entry program begins at intake. Inmates are first assessed for purposes of classification and needs through a locally developed assessment instrument with the assistance of the Shelby County Sheriff's Office Re-entry Coordinator who would have assisted in assessing and identifying eligible women for the re-entry program. Eligible participants will have no aggravated sexual charges, no disciplinary convictions within the last 90-days and will adhere to all program requirements. Participation is voluntary. Currently the Shelby County Jail has no formal reentry program, with the exception of the jail mental health unit that seeks to aid mentally ill defendants by giving them medication and access to community resources that will assist them with reentry into society.

This application seeks to provide a solution for an underserved population of female defendants at both the Shelby County Division of Corrections and the Shelby County Jail by employing three new reentry positions: a Reentry Coordinator to work with female detainees at the Shelby County Jail; a Program Coordinator employed by the Shelby County Division of Corrections to work with female inmates; and a Case Manager employed with the Shelby County Division of Corrections to coordinate and monitor post-release activities and progress.

b. Priority Activities

The Reentry Coordinator employed with the Shelby County Sheriff's Office will work to identify female defendants to participate in a reentry program as well as provide assessments of the respective candidates transferred to the Shelby County Corrections facility. The SCSO will work to provide a pipeline of defendants who will receive training on anger management, life skills, coping skills and problem-solving as reflected in Activity D. Additionally, the SCSO will work to provide for the transfer of information between the jail and the corrections facility and lay the ground work for the development of a written Aftercare or Reentry Plan with links to housing/shelter, employment services, basic life needs, mental health services, support groups, substance abuse treatment services, domestic violence services, medical services and a means of contacting the probation officer as outlined in section G.

The Program Coordinator employed with the Shelby County Division of Corrections will work to recruit 75 female inmates in 3 cohorts of 25 to participate in the re-entry program. At the time of entry a Level of Service/Case Management Inventory (LS/CMI), a validated risk assessment instrument, will be administered to plan re-entry upon release. The participants will receive 12 weeks of classroom instruction i.e. "Moving On" a re-entry curriculum that focuses on behavior modification and life skills, Fannie Mae (money management) and Job Readiness training. In addition the program coordinator will work with our established partner Seedco, a national nonprofit organization dedicated to assisting low-wage workers and their families to provide assistance through "EarnBenefits." EarnBenefits is a program designed to assist clients in receiving benefits such as housing, utility payments, TennCare (Health insurance), Food

Stamps and Families First (an assistance program covering a wide range of benefits.) These services will be administered during incarceration and ready to utilize upon re-entry for the participants.

The Case Manager employed with the Shelby County Division of Corrections will coordinate and monitor the implementation, participation and delivery of services designed to meet the specific needs of inmates from the date of enrollment into the program throughout the re-entry transition and stabilization in the community.
